

## Polling Districts, Polling Places and Polling Station Review 2024

The new Parliamentary electoral boundary for Cannock Chase remains unchanged after the Boundary Commission Review.

There were, however, significant boundary changes for the District Wards which resulted in changes to polling stations for some electors i.e. they were unable to vote in the polling stations they have voted in previously because they are now in a different ward.

The Current list of polling districts and polling places are based on the polling stations that were used in the Parliamentary election 2024.

We try to avoid using schools where possible therefore, we will try to identify alternative venues where possible.
